### **NEWS RELEASE - For Immediate Release**

#### **Northern Superior Resources Inc. signs formal Option Agreement to acquire a 100% interest in the Win Win Gold Property, Chibougamau Gold District, Québec.**

Sudbury, Ontario (September 1, 2011) **Northern Superior Resources Inc.** ("Northern Superior" or the "Company") is pleased to announce that it has signed a formal option agreement (the "Option Agreement") with GL Geoservice Inc. and Marc Bouchard of Chapais, Québec (collectively the "Optionors") who granted Northern Superior an option to acquire 100% of the Win Win gold property. The Win Win gold property is comprised of 12 claims covering approximately 636 hectares and is located 21 kilometres southeast of Chapais, Quebec.

Dr. T.F. Morris, President and CEO of Northern Superior states: "The Win Win property is located 36 km south of the Croteau Est property and occurs within a similar structural setting as the Croteau Est property. We see the acquisition of this property as an opportunity to acquire a highly favorable gold property that can be prepared quickly for a diamond drill program."

The terms of the Option Agreement for the Win Win property are the same as those for the Croteau Est gold property (see press release August 23rd, 2011), Northern Superior has the option to earn a 100% interest in the Project by meeting the following obligations:

- a) spending an aggregate of \$1.7 million on exploration on the property over four years: \$200,000 in year 1, \$300,000 in year 2, \$400,000 in year 3 and \$800,000 in year 4;
- b) making cash payments to the Optionors totaling \$350,000: \$35,000 upon signing the Letter of Intent, \$35,000 by the end of years 1, \$40,000 by the end of year 2, \$80,000 by the end of year three and \$160,000 by the end of year 4;
- c) issue to the Optionors, \$280,000 worth of common shares of the Company: \$40,000 at the end of year 2, \$80,000 by the end of year 3 and \$160,000 by the end of year 4. The number of common shares issuable shall be based on the market price of the Company's shares at the time of issuance.

Northern Superior retains the right to accelerate any of the obligations.

Upon exercise of the option, the Optionors shall retain a 1.0% NSR on any commercial production with Northern Superior having the right to buyback 0.5% of the NSR for \$1.5 million, at any time. The parties have agreed that and further claims which are staked within 1.5 km of the property, shall form part of the option and any production therefrom shall be subject to the NSR.

The transaction is conditional upon Northern Superior obtaining board and TSX Venture Exchange approval.

## **About Northern Superior Resources Inc.**

Northern Superior is a junior exploration company focused on exploring for gold and diamonds in the Superior Province of the Canadian Shield. The Company is actively exploring for gold within two important gold districts: the Stull-Wunnumun in Ontario and the Chibougamau in Quebec. The Company has a number of 100% owned properties (see Company web site, [www.nsuperior.com](http://www.nsuperior.com)) within these districts that were identified and developed from the Company's extensive geoscientific data base and from which additional gold exploration projects are being generated. The Company is currently seeking to option-out a number of these properties.

Northern Superior is a reporting issuer in British Columbia, Alberta, Ontario and Quebec, and trades on the TSX Venture Exchange under the symbol SUP. For further information contact:

Forward looking statements: This news release includes certain "forward-looking information" within the meaning of Canadian securities legislation and "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995 (collectively, "forward looking statements"). Forward looking statements include predictions, projections and forecasts and are often, but not always, identified by the use of words such as "seek", "anticipate", "believe", "plan", "estimate", "forecast", "expect", "potential", "project", "target", "schedule", "budget" and "intend" and statements that an event or result "may", "will", "should", "could" or "might" occur or be achieved or other similar expressions and includes the negatives thereof. All statements other than statements of historical fact included in this release, including, without limitation, statements regarding potential mineralization, exploration results, interpretation of results, the timing and success of exploration activities generally, the timing and results of future resource estimates, and future plans and objectives of Northern Superior are forward-looking statements that involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Forward looking statements are based on a number of material factors and assumptions. Important factors that could cause actual results to differ materially from Northern Superior's expectations include exploration risks, changes in project parameters as plans continue to be refined, results of future resources estimates, future metal prices, availability of capital and financing on acceptable terms, general economic, market or business conditions, uninsured risks, regulatory changes, defects in title, availability of personnel, materials and equipment on a timely basis, accidents or equipment breakdowns, delays in receiving government approvals, unanticipated environmental impacts on operations and costs to remedy same, and other exploration or other risks detailed herein and from time to time in the filings made by the Company with securities regulators. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ from those described in forward looking statements, there may be other factors that cause such actions, events or results to differ materially from those anticipated. There can be no assurance that forward looking statements will prove to be accurate and accordingly readers are cautioned not to place undue reliance on forward looking statements.
