FORWARD-LOOKING STATEMENTS

This Prospectus and the documents incorporated by reference herein contain certain forward-looking statements which are provided for the purpose of presenting information about management's current expectations and plans. Readers are cautioned that such statements may not be appropriate for other purposes. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects," "anticipates," "plans," "believes," "estimates," "intends," "targets," "projects," "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may," "will," "should," "would" and "could." These statements may include, without limitation, statements regarding future adjusted EBITDA, cash flows and dividend payments, the construction, completion, attainment of commercial operations, cost and output of development projects, plans for raising capital, and the operations, business, financial condition, priorities, ongoing objectives, strategies and outlook of Northland and its subsidiaries. This information is based upon certain material factors or assumptions that were applied in developing the forward-looking statements, including the design specifications of development projects, the provisions of contracts to which Northland or a subsidiary is a party, management's current plans, its perception of historical trends, current conditions and expected future developments, as well as other factors that are believed to be appropriate in the circumstances.

Although these forward-looking statements are based upon management's current reasonable expectations and assumptions, they are subject to numerous risks and uncertainties. Some of the factors that could cause results or events to differ from current expectations include, but are not limited to, construction risks, counterparty risks, operational risks, the variability of revenues from generating facilities powered by intermittent renewable resources and the other factors described in the "*Risks and Uncertainties*" section of Northland's 2013 Annual Report and the AIF, which can both be found at www.sedar.com under Northland's profile and on Northland's website www.northlandpower.ca. Northland's actual results could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur.

The foregoing does not constitute an exhaustive list of the factors that may affect Northland's forward-looking statements. Other risks and uncertainties not presently known to Northland or that Northland presently believes are not material could also cause actual results or events to differ materially from those expressed in its forward-looking statements.

The forward-looking statements contained in this Prospectus and the documents incorporated by reference herein are based on assumptions that were considered reasonable as of the date of this Prospectus. Readers are cautioned not to place undue reliance on the forward-looking statements, which reflect Northland's expectations only as of the date of this Prospectus. Other than as specifically required by law, Northland undertakes no obligation to update any forward-looking statements to reflect events or circumstances after such date or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

NON IFRS MEASURES

This Prospectus and the documents incorporated by reference herein include references to Northland's adjusted EBITDA and free cash flow, measures not prescribed by International Financial Reporting Standards ("IFRS"). Adjusted EBITDA and free cash flow, as presented, may not be comparable to similar measures presented by other companies. These measures should not be considered alternatives to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with IFRS. Rather, these measures are provided to complement IFRS measures in the analysis of Northland's results of operations from management's perspective. Management believes that adjusted EBITDA and free cash flow are widely accepted financial indicators used by investors to assess the performance of a company, including its ability to generate cash through operations.

Readers should refer to: (i) Section 5: *Consolidated Results*, in Northland's management's discussion & analysis related to the Annual Financial Statements for an explanation of adjusted EBITDA and free cash flow and a reconciliation of Northland's reported adjusted EBITDA to its consolidated income (loss) before taxes; and (ii) Section 6: *Equity, Liquidity and Capital Resources*, in Northland's management's discussion & analysis related to the Annual Financial Statements for a reconciliation of Northland's free cash flow to its cash provided by operating activities.

NORTHLAND

Northland develops, builds, owns and operates facilities that produce “clean” (natural gas) and “green” (wind, solar and hydro) energy. Northland is incorporated under the *Business Corporations Act* (Ontario) and has its registered and head office at 30 St. Clair Avenue West, 17th Floor, Toronto, Ontario, Canada M4V 3A1.

SUMMARY DESCRIPTION OF NORTHLAND’S BUSINESS

Northland owns or has an economic interest in power producing facilities with a total net capacity of approximately 1,349 Megawatts as at April 16, 2014. Northland’s operating assets comprise facilities that produce electricity from natural gas and renewable sources for sale under long-term PPAs with creditworthy customers that ensure revenue stability. Northland’s operating cash flows are diversified over five geographically separate regions and regulatory regimes. As of the date of this Prospectus, Northland has 110 MW (80 MW net interest) of projects under construction that are expected to reach commercial operations in 2014 and 2015. In addition, Northland has 150 MW (79 MW net interest) of wind and run-of-river hydro projects in advanced development in Canada, and Project Gemini, a 600 MW (360 MW net interest) off-shore wind project in advanced development located off the coast of the Netherlands. Northland expects to complete the development of these projects and construct them over the next three to four years.

In addition, Northland has a number of power projects at various stages of development. In some cases, these projects are being developed in response to specific procurements. In other cases, they are being developed to meet anticipated needs for new power resources in various jurisdictions.

Northland currently has approximately 2,200 MW of prospects in earlier stages of development. This potential capacity encompasses projects that are expected to use various technologies, including natural gas, hydro, wind and solar.

RECENT DEVELOPMENTS

On March 5, 2014, Northland completed a public offering of 9,843,750 of Common Shares (including Common Shares issued under the over-allotment offering) at a price of \$16.00 per Common Share, representing \$157,500,000 of gross proceeds, and \$75,000,000 aggregate principal amount of Series B Debentures. In addition, the underwriters of the offering subsequently exercised in full an over-allotment option to acquire \$3,750,000 principal amount of Series B Debentures, representing 5% of the debenture offering, at the same offering price. Concurrently with the public offering, Northland completed a private placement of 3,125,000 Common Shares to a subsidiary of Northland Power Holdings Inc., a company controlled by Mr. James C. Temerty, at the same price per Common Share as the Common Shares issued pursuant to the public offering. The net proceeds from the public offering and private placement (together, the “Offerings”) are intended to be utilized by Northland to satisfy a portion of its equity contribution, and to fund a subordinated loan, to Project Gemini. The Series B Debentures have an initial maturity of June 30, 2014. If financial closing in respect of Project Gemini occurs prior to June 30, 2014, the maturity of the Series B Debentures will be automatically extended to June 30, 2019.

On March 7, 2014, Northland announced the completion of an amendment to its corporate credit facility with a syndicate of financial institutions. The credit facility was increased from \$250 million to \$600 million and consists of a committed \$350 million revolving facility and a committed \$250 million term facility. The revolving facility also provides for an accordion feature which permits increases of up to \$100 million upon obtaining commitments for such increase. The revolving facility is available for general corporate purposes and working capital. The term facility is available to assist in funding Northland’s investment in Project Gemini. The amended credit facility benefits from borrowing rates lower than prior to the amendment and allows for Canadian dollar, US dollar and Euro-denominated borrowings which supports Northland’s international activities. The maturity of the revolving facility has been extended from May 2015 to March 2019, with further annual renewal options. The maturity of the term facility is March 2018 with a one-year renewal option.

Northland’s Board of Directors has approved Northland’s ongoing participation in Project Gemini, which continues to progress towards financial closing, expected in the second quarter of 2014.

USE OF PROCEEDS

The Securities will be issued from time to time at the discretion of Northland in an aggregate principal amount of up to \$500,000,000 in Canadian currency, or the approximate equivalent thereof if Securities are issued in foreign currencies or currency units, during the 25-month period from the date of this Prospectus. The net proceeds to be derived from the issue of the Securities offered by this Prospectus will be the issue price thereof less any commission paid in connection therewith. Such net proceeds cannot be estimated at the date hereof as the amount thereof will depend on the extent to which the Securities are issued hereunder and the terms and conditions of such Securities. The estimated amount of net proceeds and the specific use of proceeds and the business objectives to be achieved from the issuance of any Securities will be described in the relevant Prospectus Supplement. Proceeds that are not immediately required may be invested in short-term marketable securities.

EARNINGS COVERAGE RATIOS OF NORTHLAND

The following earnings coverage ratios and *pro forma* earnings coverage are calculated on a consolidated basis for the period December 31, 2013, and are derived from the audited consolidated financial statements of Northland as at and for the year ended December 31, 2013. The *pro forma* earnings coverage ratios have been prepared as at December 31, 2013, as adjusted to give effect to the Offerings as if the Offerings had occurred at the beginning of the calculation period, and assumes that there are no additional earnings derived from the net proceeds of the Offerings or cash on hand.

The borrowing costs, including capitalized interest and preferred dividend obligations (after adjusting such dividends to a before-tax equivalent using an effective income tax rate of 26.5%) of Northland for the twelve-month period ended December 31, 2013 were approximately \$124.6 million. The borrowing costs, including capitalized interest and preferred dividend obligations, of Northland for the twelve-month period ended December 31, 2013, after giving effect to the Offerings were approximately \$128.3 million. The earnings of Northland before non-capitalized borrowing costs and taxes for the twelve-month period ended December 31, 2013 were approximately

\$295.1 and \$298.8 million after giving effect to the expenses of the Offerings, representing earnings coverage ratios of (a) 2.37 on a historical basis and (b) 2.33 on a *pro forma* basis after giving effect to the Offerings.

The earnings coverage ratios noted above include a deduction for depreciation and amortization of approximately \$109.8 million in the 12-month period ended December 31, 2013. If the earnings coverage ratios were adjusted to add back these non-cash deductions, the historical earnings coverage ratio would be 3.25, and the *pro forma* earnings coverage ratio after giving effect to the Offerings would be 3.18.

RATINGS

Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities.

On November 27, 2013, Standard & Poor's credit rating agency upgraded Northland's corporate rating to BBB Stable from BBB. Standard & Poor's report credited Northland's consistent cash flow generation, coupled with the completion of its North Battleford project on time and within budget as the reason for the upgrade. In addition, an update was made to Northland's preferred share rating and unsecured debt rating. The Series 1 Preferred Shares and Series 3 Preferred Shares ratings were upgraded on Standard & Poor's global scale and Canadian scale to BB+ and P-3 (High) from BB and P-3, respectively.

A Standard & Poor's issuer credit rating is a forward-looking opinion about an obligor's overall financial capacity (its creditworthiness) to pay its financial obligations. Such opinion focuses on the obligor's capacity and willingness to meet its financial commitments as they come due. Standard & Poor's ratings for long-term debt instruments range from a high of AAA to a low CC. Ratings from AA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories. According to Standard & Poor's rating system, an obligor rated BBB has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. A Standard & Poor's rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). The outlook may be qualified as Positive, Negative, Stable, Developing or N.M. (not meaningful). A Stable rating outlook means that a rating is not likely to change.

The Series 1 Preferred Shares and Series 3 Preferred Shares have each been given a Canadian scale rating of P-3 by Standard & Poor's. Such P-3 rating is the tenth of twenty ratings used by Standard & Poor's in its Canadian preferred share rating scale (the first rating being the highest and the twentieth rating being the lowest). According to Standard & Poor's, a P-3 rating indicates that although the obligation is considered to be less vulnerable to non-payment than other speculative issues, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

Northland has paid applicable service fees to Standard & Poor's for the rating of Northland, the Series 1 Preferred Shares and the Series 3 Preferred Shares along with the annual review thereof.

Ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of particular securities for any particular investor. A security rating or a stability rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organization.

DESCRIPTION OF THE COMMON SHARES

Holders of Common Shares are entitled to one vote in respect of each Common Share held at any meeting of the shareholders of Northland except meetings at which only the holders of a specified class or series of shares of Northland are entitled to vote. Subject to the rights of holders of Preferred Shares or any series thereof, and other shares of Northland ranking in priority to the Common Shares, the holders of Common Shares are entitled to receive dividends as and when declared by the Board of Directors in its discretion from time to time. In addition, subject to the prior rights of holders of Preferred Shares or any series thereof, and other shares of Northland ranking in priority to the Common Shares, the holders of the Common Shares are entitled to that portion of the balance of the assets of Northland equal to the ratio that the outstanding number of Common Shares is to the aggregate of the number of Common Shares outstanding and the product of the number of Class A Shares outstanding and the Class A

Conversion Rate (as defined in the Articles) upon the liquidation, dissolution or winding-up of Northland or other distribution of assets of Northland among its shareholders.

DESCRIPTION OF THE PREFERRED SHARES

Issuance in Series

The Board of Directors may from time to time issue Preferred Shares in one or more series, each series to consist of such number of shares as will before issuance thereof be fixed by the Board of Directors who will at the same time determine the designation, rights, privileges, restrictions and conditions attaching to that series of Preferred Shares.

Voting

Subject to applicable corporate law, the Preferred Shares of each series shall be non-voting and not entitled to receive notice of any meeting of shareholders, provided that the designation, rights, privileges, restrictions and conditions may provide that if Northland shall fail, for a specified period, which is at least two years, to pay dividends at the prescribed rate on any series of the Preferred Shares, thereupon, and so long as any such dividends shall remain in arrears, the holders of that series of Preferred Shares shall be entitled to receive notice of, to attend and vote at all meetings of shareholders, except meetings at which only holders of a specified class or series of shares are entitled to attend.

DESCRIPTION OF THE DEBENTURES

General

The following description of the Debentures is a brief summary of their material attributes and characteristics. The following summary uses words and terms which are defined in the Indenture. This summary does not purport to be complete and is subject to, and is qualified in its entirety by, reference to the terms of the Indenture. The particular terms and provisions of Debentures offered by a Prospectus Supplement will be described in the Prospectus Supplement filed in respect of such Debentures.

The Debentures will be issued under and pursuant to the provisions of the Indenture. The Indenture permits the issuance of Debentures without limitation as to the aggregate principal amount.

The Debentures will be direct obligations of Northland and will not be secured by any mortgage, pledge, hypothec or other charge and will be subordinated to all Senior Indebtedness of Northland as described under “*Description of the Debentures — Subordination*”. The Debentures will rank *pari passu* with every other series of debentures that have been issued, or may hereafter be issued, under the Indenture.

Subordination

The payment of the principal of, and interest on, Debentures will be subordinated in right of payment, in the circumstances referred to below and more particularly as set forth in the Indenture, to the prior payment in full of all Senior Indebtedness of Northland. “**Senior Indebtedness**” of Northland is defined in the Indenture as all indebtedness of Northland (whether outstanding as at the date of the Indenture or thereafter incurred) which, by the terms of the instrument creating or evidencing the indebtedness, is not expressed to be *pari passu* with, or subordinate in right of payment to, the Debentures. The Indenture does not limit the ability of Northland to incur additional indebtedness, including additional Senior Indebtedness at any time or from time to time or other indebtedness or otherwise mortgaging, pledging or charging its real or personal property or properties to secure any indebtedness or other financing.

The Indenture provides that in the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings relative to Northland, or to its property or assets, or in the event of any proceedings for voluntary liquidation, dissolution or other winding up of Northland, whether or not involving insolvency or bankruptcy, or any marshalling of the assets and liabilities of Northland, all creditors under any Senior Indebtedness will receive payment in full before the Debentureholders will be entitled to receive any payment or distribution of any kind or character, whether in cash, property or securities, which may be payable or deliverable in any such event in respect of any of the Debentures or any unpaid interest accrued thereon.

In addition to the foregoing, pursuant to the terms of the Indenture, neither the Debenture Trustee nor the Debentureholders shall be entitled to demand or otherwise attempt to enforce in any manner, institute proceedings for the collection of, or institute any proceedings against Northland including, without limitation, by way of any bankruptcy, insolvency or similar proceedings or any proceeding for the appointment of a receiver, liquidator, trustee or other similar official (it being understood and agreed that the Debenture Trustee and/or the Debentureholders shall be permitted to take any steps necessary to preserve the claims of the Debentureholders in any such proceeding and any steps necessary to prevent the extinguishment or other termination of a claim or potential claim as a result of the expiry of a limitation period), or receive any payment or benefit in any manner whatsoever on account of indebtedness represented by the Debentures at any time when an event of default (howsoever designated) has occurred and is continuing under any Senior Indebtedness and is continuing and, in each case, notice of such event of default has been given by or on behalf of the lender or lenders party to such Senior Indebtedness to Northland (the “**Senior Indebtedness Postponement Provisions**”).

Modification

The rights of the holders of the Debentures or of any series of Debentures may be modified in accordance with the terms of the Indenture. For that purpose, among others, the Indenture contains certain provisions which will make binding on all Debentureholders resolutions passed at meetings of the Debentureholders by votes cast thereat by holders of not less than 66⅔% of the principal amount of the then outstanding Debentures present at the meeting or represented by proxy, or rendered by instruments in writing signed by the holders of not less than 66⅔% of the principal amount of the then outstanding Debentures. In certain cases, the modification will, instead of or in addition to the foregoing, require assent by the holders of the required percentage of Debentures of each particularly affected series. Under the Indenture, the Debenture Trustee will have the right to make certain amendments to the Indenture in its discretion, without the consent of the Debentureholders.

Events of Default

The Indenture provides that an event of default (“**Event of Default**”) in respect of the Debentures will occur if certain events described in the Indenture occur, including if any one or more of the following described events has occurred and is continuing with respect to the Debentures: (i) failure for 15 days to pay interest on the Debentures when due; (ii) failure to pay principal or premium, if any, on the Debentures, whether at the Maturity Date, upon redemption, by acceleration or otherwise; (iii) default in the performance of any material covenant in the Indenture that is not cured within 30 days of Northland receiving notice in writing specifying such default and requiring it to be cured; or (iv) certain events of bankruptcy, insolvency or reorganization of Northland under bankruptcy or insolvency laws. Subject to the Senior Indebtedness Postponement Provisions, if an Event of Default has occurred and is continuing, the Debenture Trustee may, in its discretion, and shall, upon the request of holders of not less than 25% in principal amount of the then outstanding Debentures, declare the principal of (and premium, if any) and accrued interest on all outstanding Debentures to be immediately due and payable.

Offers for Debentures

The Indenture contains provisions to the effect that if an offer is made for the Debentures which is a take-over bid for Debentures within the meaning of the *Securities Act* (Ontario) and not less than 90% of the Debentures (other than Debentures held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Debentures held by Debentureholders who did not accept the offer on the terms offered by the offeror.

Reports to Holders

Northland shall file with the Debenture Trustee, within 15 days after the filing thereof with the Ontario Securities Commission, copies of Northland’s annual report and the information, documents and other reports that Northland is required to file with the Ontario Securities Commission and deliver to security holders. Notwithstanding that Northland may not be required to remain subject to the reporting requirements of the Ontario Securities Commission, Northland shall provide to the Debenture Trustee (a) within 90 days after the end of each fiscal year, an audited annual financial statement of Northland, and (b) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, interim financial statements of Northland which shall, at a minimum, contain such information as is required to be provided in financial statements under the laws of Canada or any province thereof to security holders of a company with securities listed on the Toronto Stock Exchange (“**TSX**”), whether or not Northland has any of its securities so listed. Each of such reports will be prepared in accordance with

applicable Canadian disclosure requirements and generally accepted accounting principles. Northland will provide copies of such information, documents and reports to Debentureholders upon request.

Governing Law

Each of the Indenture and the Debentures are governed by, and construed in accordance with, the laws of the Province of Ontario applicable to contracts executed and to be performed entirely in such Province.

PLAN OF DISTRIBUTION

Northland may sell the Securities to or through underwriters or dealers, and also may sell Securities to one or more other purchasers directly, if permitted under applicable securities law, or through agents. Each Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters or dealers, the purchase price or prices of the Securities and the proceeds to Northland from the sale of the Securities.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or negotiated prices.

The Prospectus Supplement relating to each offering of Securities will identify each underwriter, dealer, or agent, as the case may be, and will also set forth the terms of that offering of Securities, including the purchase price of such Securities, the proceeds to Northland and any underwriters', dealers' or agents' fees, commission or other such items constituting underwriters', dealers' or agents' compensation. Only underwriters, dealers or agents so named in the applicable Prospectus Supplement are deemed to be underwrites, dealers or agents, as the case may be, in connection with the Securities offered thereby.

Underwriters or dealers who participate in the distribution of Securities may be entitled under agreements to be entered into with Northland to indemnification by Northland against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters or dealers may be required to make in respect thereof. Such underwriters or dealers may be customers of, engage in transactions with, or perform services for, Northland in the ordinary course of business.

In connection with any offering of Securities, the underwriters or dealers may over allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. A purchaser that acquires Securities forming part of an over-allocation position acquires such Securities under this Prospectus.

RISK FACTORS

Prospective investors in a particular offering of the Securities should carefully consider, in addition to information contained in the Prospectus Supplement relating to that offering and the information incorporated by reference herein for the purposes of the offering, the risk factors listed below and risks described in Northland's then current annual information form, as well as Northland's then current annual management's discussion and analysis and interim management's discussion and analysis, if applicable, to the extent incorporated by reference herein for the purposes of that particular offering of Securities.

No Market for the Securities

There is currently no trading market for any Preferred Shares (other than the Series 1 Shares and the Series 3 Shares), Debentures (other than the Series A Debentures and the Series B Debentures) or Subscription Receipts that may be offered. No assurance can be given that an active or liquid trading market for these securities will develop or be sustained. If an active or liquid market for these securities fails to develop or be sustained, the prices at which the securities trade may be adversely affected. Whether or not the securities will trade at lower prices depends on many factors, including liquidity of these securities, prevailing interest rates and the markets for similar securities, the market price of the Common Shares, general economic conditions and Northland's financial condition, historic financial performance and future prospects.

Prior Ranking Indebtedness

The Debentures will be unsecured and will be subordinate to all Senior Indebtedness of Northland. The Debentures will also be effectively subordinate to claims of creditors of Northland and its subsidiaries relating to all indebtedness, liabilities and obligations of Northland or its subsidiaries for the payment of which Northland is responsible, whether absolutely or contingently. The Indenture does not limit the ability of Northland to incur additional debt or liabilities (including Senior Indebtedness) or to make distributions on the Common Shares, except, in respect of distributions, where an Event of Default has occurred and such default has not been cured or waived. The Indenture does not contain any provision specifically intended to protect holders of Debentures in the event of a future leveraged transaction involving Northland.

LEGAL MATTERS

Certain legal matters relating to the offering of the Securities will be passed upon by Borden Ladner Gervais LLP with respect to matters on behalf of Northland.

As of April 16, 2014 the partners and associates of Borden Ladner Gervais LLP beneficially owned, directly or indirectly, less than 1% of the outstanding securities of Northland. Linda Bertoldi, a partner of Borden Ladner Gervais LLP, is a Director of Northland. If any underwriters or dealers named in a Prospectus Supplement retained their own counsel to pass upon legal matters relating to the Securities, such counsel will be named in the Prospectus Supplement.

AUDITORS, TRANSFER AGENT AND REGISTRAR

The auditors of Northland are Ernst & Young LLP, Chartered Accountants, Toronto, Ontario. To the knowledge of Northland, Ernst & Young LLP is independent in accordance with the rules of professional conduct of the Institute of Chartered Accountants of Ontario.

The transfer agent and registrar for the Common Shares is Computershare Trust Company of Canada at its principal office in Toronto, Ontario.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

Original purchasers of Securities which are convertible or exchangeable into other securities of Northland will have a contractual right of rescission against Northland in respect of the conversion or exchange of such convertible or exchangeable Securities. The contractual right of rescission will entitle such original purchasers to receive the amount paid for the applicable convertible or exchangeable Securities upon surrender of the underlying securities issued upon conversion or exchange of such convertible or exchangeable Securities, in the event that this Prospectus, the relevant Prospectus Supplement or an amendment contains a misrepresentation, provided that: (i) the conversion or exchange takes place within 180 days of the date of the purchase of the Securities which are convertible or exchangeable under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the Securities which are convertible or exchangeable under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 130 of the *Securities Act* (Ontario), and is in addition to any other right or remedy available to original purchasers under section 130 of the *Securities Act* (Ontario) or otherwise at law. Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible or exchangeable securities that were purchased under a prospectus, and therefore a further payment at the time of conversion or exchange may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the province in which the purchaser resides for the particulars of these rights, or consult with a legal adviser.
