(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

1. REPORTING ENTITY

Medical Facilities Corporation (the "Corporation") is a British Columbia corporation. The address of the Corporation's head office is 4576 Yonge Street, Suite 701, Toronto, Ontario, Canada. The common shares of the Corporation are listed on the Toronto Stock Exchange ("TSX") under the ticker symbol "DR".

The Corporation's operations are based in the United States. Through its wholly-owned subsidiaries, the Corporation owns controlling interests in four specialty hospitals and six ambulatory surgery centers (the "ASCs") (collectively the "Facilities").

On March 11, 2022, the Corporation sold its 0.4% non-controlling ownership interest in Black Hills Surgical Physicians, LLC ("BHSP") for proceeds of $336. In connection with this transaction, the Corporation recorded a pre-tax loss of $5 in general and administrative expenses.

The Corporation's ownership interest in, and the location of, its operating subsidiaries are as follows:

		Ownership Interest March 31,	
Subsidiary	**Location**	**2022**	**2021**
Arkansas Surgical Hospital, LLC ("ASH")	North Little Rock, Arkansas	51.0%	51.0%
Oklahoma Spine Hospital, LLC ("OSH")	Oklahoma City, Oklahoma	64.0%	64.0%
Black Hills Surgical Hospital, LLP ("BHSH")	Rapid City, South Dakota	54.2%	54.2%
Sioux Falls Specialty Hospital, LLP ("SFSH")	Sioux Falls, South Dakota	51.0%	51.0%
The Surgery Center of Newport Coast ("SCNC")	Newport Beach, California	51.0%	51.0%
MFC Nueterra ASCs(1)	Various	46.1%	47.5%

(1) The Corporation has an average ownership interest of 46.1% based on values as at the reporting date. The five ambulatory surgery centers are situated in Michigan, Missouri, Nebraska, Ohio, and Pennsylvania.

2. STATEMENT OF COMPLIANCE

These unaudited interim condensed consolidated financial statements ("consolidated financial statements") have been prepared in accordance with International Accounting Standard IAS 34, *Interim Financial Reporting* as issued by the International Accounting Standards Board ("IASB") using the accounting policies as described in the audited consolidated financial statements for the year ended December 31, 2021 ("annual financial statements").

These consolidated financial statements were approved for issue by the Corporation's Board of Directors on May 11, 2022.

3. BASIS OF PREPARATION

These consolidated financial statements do not contain all of the disclosures that are required in annual financial statements prepared under International Financial Reporting Standards ("IFRS") and should be read in conjunction with the Corporation's annual financial statements, which include information necessary or useful to understand the Corporation's business and financial statement presentation.

Income from operations for the interim period is not necessarily indicative of the results for the full year. Facility service revenue and certain directly related expenses are subject to seasonal fluctuations due to the timing of case scheduling, which can be impacted by the vacation schedules of surgeons, as well as the extent to which patients have remaining deductibles on their insurance coverage, based on the time of year. Occupancy related expenses, certain operating expenses, depreciation and amortization, and interest expense remain relatively steady throughout the year.

The Corporation's consolidated financial statements are reported in U.S. dollars which is its functional and presentation currency. All financial information presented in U.S. dollars has been rounded to the nearest thousand, unless otherwise indicated.

4. COVID-19

On March 11, 2020, the World Health Organization designated COVID-19 as a global pandemic. The outbreak began to impact the Corporation's and Facilities' operations in the latter half of March 2020. All Facilities were affected by the pandemic as elective cases were restricted, either voluntarily or by U.S. state or local government mandate, including the temporary closure of three of the MFC Nueterra ASCs, which reopened in May 2020. Management expects patient volumes and revenues will continue to be negatively impacted until the effects of the pandemic have fully subsided and the economy stabilizes.

Management believes the extent of the COVID-19 pandemic's adverse impact on the Corporation's operating results and financial condition will be driven by many factors, most of which are beyond management's control and ability to forecast. Such factors include, but are not limited to, the scope and duration of past and potential future stay-at-home policies and business closures, continued decreases in patient volumes for an indeterminable length of time, increases in the number of uninsured and underinsured patients as a result of higher unemployment, incremental expenses required for supplies and personal protective equipment, changes in professional and general liability exposure, the efficacy of the COVID-19 vaccines against the virus and its variants, and the overall vaccine acceptance rate. Because of these and other uncertainties, management cannot estimate the length or severity of the impact of the pandemic on the business. Decreases in cash flows and results of operations may have an impact on the inputs and assumptions used in significant accounting estimates, including management's assessment of future compliance with financial covenants, estimated implicit price concessions related to uninsured patient accounts, professional and general liability reserves, and potential impairments of goodwill and long-lived assets.

4. COVID-19 (Continued)

The *Coronavirus Aid, Relief, and Economic Security (CARES) Act* (the "CARES Act") was signed into law on March 27, 2020. The CARES Act includes provisions for financial assistance to hospitals, surgery centers and health care providers via, among other provisions, the Public Health and Social Services Emergency Fund ("PHSSEF"), the Paycheck Protection Program ("PPP"), the Employee Retention Credit ("ERC"), and expansion of an existing Centers for Medicare and Medicaid Services accelerated payment program.

The PHSSEF is administered by the Department of Health and Human Services ("HHS") to provide eligible healthcare providers with relief funds to cover non-reimbursable expenses, including lost revenue, attributable to COVID-19. Funds not utilized for eligible expenses and not applied to lost revenues must be returned. The recognition of amounts received is conditioned upon receipt of the funds, the provision of care for individuals with possible or actual cases of COVID-19 after January 31, 2020, and certification that the payment will be used to prevent, prepare for and respond to COVID-19. For the three months ended March 31, 2022, certain Facilities have received $932 in total funding from the HHS (March 31, 2021: $2,747), and recognized $1,434 in revenue as government stimulus income (March 31, 2021: $2,747), which included an amount of $502 which was recorded as a liability as at December 31, 2021.

The PPP expands the guaranteed lending program under Section 7(a) of the *Small Business Act* administered by the US Small Business Administration ("SBA"). The loan amounts received are eligible for forgiveness to the extent they are used for certain qualifying expenses and to maintain payroll levels and related expenses during the 8 to 24-week period following loan origination. For the three months ended March 31, 2022, the Facilities have not received any funds under the PPP (March 31, 2021: $593).

Income was recognized for the loans received under the PPP during prior periods based on reasonable assurance that the Facilities have met the requirements for forgiveness. Of the loans received under the PPP of $12,226 during the year ended December 31, 2020, loans of $1,655 have been forgiven in full by the SBA, while loans of $6,434 are pending additional review. The remaining balance of $4,137, relating to one Facility, was awaiting forgiveness as at March 31, 2022, but the application was denied by the SBA on April 20, 2022, as described in note 15. The Facility intends to appeal the decision. It remains to be seen if the SBA will reach a similar decision for the other PPP loans under review. Loans received under the PPP of $1,479 during the year ended December 31, 2021 are also pending forgiveness from the SBA. Any loans not forgiven will result in a reversal of income previously recorded and a recording of a liability.

4. COVID-19 (Continued)

Under the expansion of the Medicare Accelerated and Advance Payment Program most providers and suppliers could request an advance of three to six months of Medicare payments. Certain Facilities received net advances of $23,157 for the year ended December 31, 2020. Repayment of these accelerated/advance payments commences one year after issuance, upon which payments will be recouped against Medicare claims at a rate of 25% for eleven months, followed by a rate of 50% for the succeeding six months, after which any remaining balance will need to be repaid in full within one month. The initial 11-month recoupment period ended in March 2022, upon which the succeeding 6-month recoupment period began, such that $11,417 has been recouped as at March 31, 2022 (December 31, 2021: $7,947). The remaining $11,740 is recorded as a liability under payor advances and government stimulus funds repayable as at March 31, 2022 (December 31, 2021: $15,210).

For the comparative period in the interim condensed consolidated statement of cash flows, management has reclassified the cash flows from payor advances and government stimulus funds repayable from financing activities to operating activities, and included these in the net changes in non-cash working capital (note 7), as these are a result of the Corporation's operational activities. For the three months ended March 31, 2021, net cash provided by operating activities of $19,657 (as reported) has been adjusted to $20,250 (as adjusted), and net cash used in financing activities of $26,679 (as reported) has been adjusted to $27,272 (as adjusted).

The ERC is a refundable tax credit against certain employment taxes that can be claimed by eligible employers, whose business has been financially impacted by COVID-19, in their quarterly employment tax returns. For the three months ended March 31, 2022, certain Facilities have had claims approved under the ERC and recorded government stimulus income of $245 (March 31, 2021: $nil). Certain Facilities also submitted additional claims under the ERC which are pending approval.

In addition to the CARES Act, the *Families First Coronavirus Response Act* ("FFCRA") was signed into law on March 18, 2020. This program mandates COVID-19 related family medical and paid sick leaves for employees and provides tax credits to reimburse employers for both sick leave and family medical leave. For the three months ended March 31, 2021, certain Facilities qualified for the tax credits under the FFCRA and recorded government stimulus income of $44.

For the three months ended March 31, 2022, the Facilities have not received any other stimulus funds under state programs (March 31, 2021: $1,342), but recognized $131 in revenue as government stimulus income (March 31, 2021: $1,342), which was recorded as a liability as at December 31, 2021.

The ability to qualify for government stimulus funds under the various programs, and the timing of receipts and recognition of income may differ between individual Facilities.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

4. COVID-19 (Continued)

Government stimulus income included in the interim condensed consolidated statements of income (loss) and comprehensive income (loss) consists of the following:

	Three Months Ended March 31,	
	2022 **$**	**2021** **$**
HHS	1,434	2,747
ERC	245	-
FFCRA	-	44
Other	131	1,342
Government stimulus income	**1,810**	**4,133**

On December 27, 2020, the *Consolidated Appropriations Act, 2021* (the “CA Act”) was signed into law, introducing a $900 billion stimulus relief package aimed to respond to the economic fallout caused by the COVID-19 pandemic. Among other provisions, the CA Act enhanced and expanded certain provisions of the previous relief package, the CARES Act. This included an additional $284.5 billion in funding for first and second rounds of more easily forgivable PPP loans, and an extension and expansion of the ERC. The Facilities may be eligible for further funding under the CA Act.

On March 11, 2021, the *American Rescue Plan Act, 2021* (the “ARP Act”) was signed into law, which is a $1.9 trillion economic stimulus package intended to facilitate recovery in the United States from the economic and health effects of COVID-19. Among its provisions, the ARP Act includes $7.25 billion in appropriations to the SBA for the PPP, and a further extension of the ERC. The Facilities may be eligible for further funding under the ARP Act.

There is uncertainty regarding the implementation, duration and impact of the CARES Act, the CA Act, the ARP Act, and other existing or future stimulus legislation, if any. There can be no assurance as to the total amount of financial assistance or types of assistance the Facilities will receive, that the Facilities will be able to comply with the applicable terms and conditions to retain such assistance, that the Facilities will be able to benefit from provisions intended to increase access to resources and ease regulatory burdens for health care providers or that additional stimulus legislation will be enacted.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

5. EARNINGS (LOSS) PER SHARE

Basic earnings (loss) per share attributable to owners of the Corporation are calculated as follows:

		Three Months Ended March 31,	
		2022	2021
Net income (loss) for the period attributable to owners of the Corporation	$	(7,861)	3,472
Divided by weighted average number of common shares outstanding for the period		30,525,026	31,106,259
Basic earnings (loss) per share	**$**	**(0.26)**	**0.11**

Fully diluted earnings (loss) per share attributable to owners of the Corporation are calculated as follows:

		Three Months Ended March 31,	
		2022	2021
Net income (loss) for the period attributable to owners of the Corporation	$	(7,861)	3,472
Change in value of exchangeable interest liability (tax effected)		-	-
Interest expense on exchangeable interest liability		-	-
Modified net income (loss) for the period attributable to owners of the Corporation	$	(7,861)	3,472
Weighted average number of common shares:			
Outstanding for the period		30,525,026	31,106,259
Deemed to be issued on the exchange of the outstanding exchangeable interest liability		-	-
Deemed to be issued as share-based compensation		-	-
Weighted average number of common shares (1)(2)		30,525,026	31,106,259
Fully diluted earnings (loss) per share	**$**	**(0.26)**	**0.11**

(1) *For the three months ended March 31, 2022, the impact of exchangeable interest liability and share-based compensation was excluded from the dilutive weighted average number of common shares calculation because it was not applicable based on the share price prevailing at March 31, 2022.*
(2) *For the three months ended March 31, 2021, the impact of exchangeable interest liability and share-based compensation was excluded from the dilutive weighted average number of common shares calculation because it was not applicable based on the share price prevailing at March 31, 2021.*

6. NORMAL COURSE ISSUER BID

The Corporation has a normal course issuer bid in effect from December 1, 2021 to November 30, 2022. Under the normal course issuer bid, the Corporation may purchase up to 3,101,774 of its common shares (increased from 1,555,312, effective April 7, 2022), subject to certain purchase restrictions and in compliance with the rules of the TSX. During the three months ended March 31, 2022, the Corporation purchased 391,100 of its common shares for a total consideration of $2,953 from the open market. During the three months ended March 31, 2021, the Corporation did not purchase any of its common shares.

The purchases under the normal course issuer bid are recorded in share capital. All common shares acquired under the normal course issuer bid were cancelled.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

7. NET CHANGES IN NON-CASH WORKING CAPITAL

The net changes in non-cash working capital included in the interim condensed consolidated statements of cash flows consist of the following:

	Three Months Ended March 31,	
	2022	2021 (As adjusted – note 4)
	$	$
Accounts receivable	2,742	1,011
Supply inventory	210	(62)
Prepaid expenses and other	299	(63)
Accounts payable	(2,841)	(2,964)
Accrued liabilities	(1,810)	(15)
Payor advances and government stimulus funds repayable	(4,103)	593
Net changes in non-cash working capital	**(5,503)**	**(1,500)**

8. FINANCIAL INSTRUMENTS

8.1 Fair values and classification of financial instruments

The gross carrying value of the loan receivable on initial recognition is revaluated and adjusted using the loss allowance reserved on the loan. The loss allowance is determined based on the lifetime expected credit loss model at each reporting date. The fair value of exchangeable interest liability is determined based on the closing trading price of common shares at each reporting date. The fair values of long-term debt approximate their book values as the interest rates are similar to prevailing market rates. The fair values of all other financial instruments of the Corporation approximate their book values due to the short-term nature of these instruments.

The following table presents the carrying values and classification of the Corporation's financial instruments as at March 31, 2022 and December 31, 2021:

	March 31, 2022	December 31, 2021
	$	$
Financial assets		
Fair value through profit or loss		
Cash and cash equivalents	50,255	61,044
Amortized cost		
Accounts receivable	58,702	61,444
Loan receivable	9,394	13,384
Financial liabilities		
Fair value through profit or loss		
Exchangeable interest liability	55,881	45,578
Amortized cost		
Dividends payable	1,957	1,961
Accounts payable	21,099	23,940
Accrued liabilities	23,129	24,939
Corporate credit facility	21,000	26,000
Long-term debt	52,139	53,570

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

8. FINANCIAL INSTRUMENTS (Continued)

The following tables represent the fair value hierarchy of the Corporation's financial instruments that were recognized at amortized cost or fair value through profit or loss as of March 31, 2022 and December 31, 2021. They do not include fair value information for financial instruments which are short-term in nature.

	March 31, 2022			
	Level 1 $	**Level 2 $**	**Level 3 $**	**Total $**
Financial assets				
Cash and cash equivalents	50,255	-	-	50,255
Loan receivable	-	-	9,394	9,394
Financial liabilities				
Exchangeable interest liability	-	55,881	-	55,881
Corporate credit facility	-	21,000	-	21,000
Long-term debt	-	52,139	-	52,139
Total	**50,255**	**129,020**	**9,394**	**188,669**

	December 31, 2021			
	Level 1 $	**Level 2 $**	**Level 3 $**	**Total $**
Financial assets				
Cash and cash equivalents	61,044	-	-	61,044
Loan receivable	-	-	13,384	13,384
Financial liabilities				
Exchangeable interest liability	-	45,578	-	45,578
Corporate credit facility	-	26,000	-	26,000
Long-term debt	-	53,570	-	53,570
Total	**61,044**	**125,148**	**13,384**	**199,576**

8.2 Measurement of fair values

The following are the valuation techniques used in measuring Level 2 fair values:

Financial Instrument	**Valuation Technique**
Exchangeable interest liability	*Market comparison technique:* The number of the Corporation's common shares to issue is based on the contractual agreements with the holders of non-controlling interest that have exchange agreements with the Corporation and take into account the distributions to the non-controlling interest over the prior twelve months. The liability is valued based on the market price of the Corporation's common shares converted to the reporting currency as of the reporting date.
Corporate credit facility	*Market comparison technique:* Interest rates are based on the lending agreements with various banks of corporate credit facility, and they are prime or LIBOR rates adjusted for the Corporation's risk rating, secured assets and other terms of agreements. The liability is valued based on debt principals.
Long-term debt	*Market comparison technique:* Interest rates are based on the lending agreements with various banks and creditors of long-term debt, and they are prime, BSBY or LIBOR rates adjusted for the Facilities' risk rating, secured assets and other terms of agreements. The liability is valued based on debt principals and interest payments discounted to present value.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

8. FINANCIAL INSTRUMENTS (Continued)

The following is the valuation technique used in measuring Level 3 fair values:

Financial Instrument	Valuation Technique
Loan receivable	*Probability-weighted discounted cash flows:* Probability-weighted scenarios of future cash flows from the loan receivable are discounted using the effective interest rate that incorporates the lifetime expected credit losses at initial recognition. The cash flow scenarios and their probabilities are determined using judgment based on factors related to Unity Medical and Surgical Hospital ("UMASH"), including: cash and liquidity position; historical and projected operating results and free cash flows; compliance with financial covenants as stipulated by the loan agreement; ability to make timely principal and interest payments; and ability to obtain alternative financing at maturity.

9. INCOME TAXES

The U.S. tax return for the Corporation is prepared on a consolidated basis for U.S. entities and includes balances and amounts attributable to these entities.

The Canadian income tax return for the Corporation is prepared on a stand-alone basis and includes non-consolidated balances attributable to the Canadian entity only.

Income taxes reported in these consolidated financial statements are as follows:

	Three Months Ended March 31,	
Provision for income taxes	**2022 $**	**2021 $**
Current	462	1,228
Deferred	(2,556)	591
Total income tax expense (recovery)	**(2,094)**	**1,819**

10. INTEREST EXPENSE, NET OF INTEREST INCOME

Interest expense, net of interest income, included in the interim condensed consolidated statements of income (loss) and comprehensive income (loss) consist of the following:

	Three Months Ended March 31,	
	2022 $	**2021 $**
Interest expense at Facilities' level	479	520
Interest expense at corporate level	103	179
Interest expense on lease liabilities	695	771
Corporate credit facility stand-by fees	148	84
Interest income at Facilities' level	(5)	(3)
Interest income at corporate level	(19)	(9)
Interest expense, net of interest income	**1,401**	**1,542**

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

11. RELATED PARTY TRANSACTIONS AND BALANCES

11.1 Equity accounted investments

The following investments comprise the other assets on the interim condensed consolidated balance sheets:

		March 31, 2022		December 31, 2021	
Entity	Accounting Method	Ownership Interest	Investment Balance $	Ownership Interest	Investment Balance $
Mountain Plains Real Estate Holdings, LLC ("MPREH")[(1)]	Equity	54.2%	782	54.2%	776
BHSP[(2)]	Cost	-	-	0.4%	341
St. Luke's Surgery Center of Chesterfield, LLC	Equity	27.1%	-	27.1%	-
UMASH[(3)]	Equity	31.7%	-	31.7%	-
			782		**1,117**

(1) The Corporation has a loan receivable of $152 from MPREH, which is recorded in Prepaid expenses and other assets as at March 31, 2022 (December 31, 2021: $150).
(2) On March 11, 2022, the Corporation sold its 0.4% non-controlling ownership interest in BHSP for proceeds of $336.
(3) The Corporation has a loan receivable of $9,394 from UMASH as at March 31, 2022 (December 31, 2021: $13,384). During the three months ended March 31, 2022, the Corporation recorded an impairment loss of $3,990 on the loan receivable from UMASH, based on the updated loan impairment expected credit loss model as at March 31, 2022.

11.2 Related party transactions

A member of the Corporation's Board of Directors is a minority owner of a Facility of the Corporation and a member of an ownership group that owns and leases hospital real estate to the Facility, for which the Facility paid rent for the three months ended March 31, 2022 of $1,125 (March 31, 2021: $1,125).

Certain Facilities routinely enter into transactions with related parties for provision of services relating to the use of facility space and equipment. These parties are considered related as the Facilities have significant influence over these parties. Such transactions are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties. For the three months ended March 31, 2021, BHSH paid MPREH $45 for the use of a facility.

11.3 Other transactions

Certain of the physicians, who indirectly own the non-controlling interest in each of the Facilities, routinely provide professional services directly to patients utilizing the services of the Facilities and reimburse the Facilities for the space and staff utilized. Also, certain of the physicians serve on the boards of management of the Facilities and two such individuals perform the duties of Medical Director at the respective Facilities and are compensated in recognition of their contribution to the Facilities. Also, a physician with a non-controlling interest in SFSH is its Chief Executive Officer and the Chief Medical Officer of the Corporation.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

12. COMMITMENTS AND CONTINGENCIES

12.1 Commitments

In the normal course of operations, the Facilities lease certain equipment under non-cancellable long-term leases and enter into various commitments with third parties. In addition, certain Facilities lease their facility space from related and non-related parties.

12.2 Contingencies

In the normal course of business, the Facilities are, from time to time, subject to allegations that may result in litigation. Certain allegations may not be covered by the Facilities' commercial and liability insurance. The Facilities evaluate such allegations by conducting investigations to determine the validity of each potential claim. Based on the advice of legal counsel, management records an estimate of the amount of the ultimate expected loss for each of these matters. Events could occur that would cause the estimate of the ultimate loss to differ materially from the amounts recorded.

13. SHARE-BASED COMPENSATION

13.1 Stock options

The following table summarizes the outstanding number of stock options as of March 31, 2022:

Optionee	Number of Options Held	Exercise Price	Grant Date
Chief Executive Officer	450,000	C$14.03	March 29, 2018
	350,000	C$16.47	May 18, 2017
Chief Financial Officer	300,000	C$12.79	June 24, 2019
Chief Development Officer	350,000	C$21.15	September 19, 2016
Chief Operating Officer	50,000	C$ 2.64	March 19, 2020
Former Chief Executive Officer	223,562	C$17.24	May 1, 2016
Former Chief Financial Officer	221,344	C$17.98	November 21, 2016
Total number of outstanding options	**1,944,906**		

Outstanding options (the "Options") vest after five years of employment. The Options must be exercised by the tenth anniversary of the respective grant dates, subject to blackout exceptions. As of March 31, 2022, 794,906 of the Options relating to the Chief Development Officer, the Former Chief Executive Officer and the Former Chief Financial Officer are vested.

During the three months ended March 31, 2022, the Corporation recognized $54 (March 31, 2021: $80) relating to the Options in salaries and benefits expense.

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

13. SHARE-BASED COMPENSATION (Continued)

The grant date fair values of the Options were measured based on the Black-Scholes model. Expected volatility is estimated by considering historic average share price volatility. The inputs used in the measurement of the fair values at the grant date of the share-based compensation plan are as follows:

	Q1 2020 Grant Issued	Q2 2019 Grant Issued	Q1 2018 Grant Issued	Q2 2017 Grant Issued	Q4 2016 Grant Issued	Q3 2016 Grant Issued	Q2 2016 Grant Issued
Fair value of Options, grants and assumptions							
Fair value at grant date	C$0.45	C$ 1.20	C$ 1.33	C$ 1.27	C$ 1.41	C$ 2.00	C$ 1.33
Share price at grant date	C$2.64	C$12.90	C$14.03	C$16.68	C$18.19	C$21.57	C$17.01
Exercise price	C$2.64	C$12.79	C$14.03	C$16.47	C$17.98	C$21.15	C$17.24
Expected volatility (weighted average volatility)	50.70%	29.77%	27.76%	22.77%	21.77%	21.95%	23.60%
Option life (expected weighted average life)	5 years	5 years	5 years	5 years	5 years	5 years	5 years
Expected dividends	10.61%	8.72%	8.02%	6.74%	6.18%	5.22%	6.61%
Risk-free rate	0.68%	1.34%	1.96%	0.99%	0.99%	0.73%	1.03%

13.2 Deferred share units

Compensation for directors includes a deferred share unit (“DSU”) component, for which grants based on the value of the Corporation’s common shares are made quarterly. The DSUs accrue dividends, vest immediately and can be redeemed only when a participant ceases to serve as a director of the Corporation. The participant’s entitlement in respect of the DSUs then held will be settled in cash based on a formula tied to the value of the Corporation’s common shares at the relevant time. For the three months ended March 31, 2022, director compensation included DSU grants of $221 (March 31, 2021: $114), while the change in market value of outstanding DSUs for the same period was an expense of $807 (March 31, 2021: $33).

The following table summarizes changes in the number of DSUs for the three months ended March 31, 2022:

	2022
Opening balance of DSUs at January 1, 2022	366,806
DSUs granted on director fees	23,894
DSUs granted on dividend reinvestment	3,302
Total number of DSUs at March 31, 2022	**394,002**

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

13. SHARE-BASED COMPENSATION (Continued)

13.3 Restricted share units

Compensation for executive officers of the Corporation included a restricted share unit ("RSU") component, for which grants based on the value of the Corporation's common shares were made annually up to 2018, and from time to time. Effective 2018, annual RSU grants were replaced by annual performance share unit ("PSU") grants. The RSUs vested over three years, participated in the Corporation's quarterly dividends, and settled in cash. Grants were made on November 21, 2016 for 14,920 RSUs, July 1, 2017 for 21,804 RSUs, and on May 10, 2018 for 17,040 RSUs. The value of the expense and liability associated with the RSUs was determined based on the Corporation's share price at the end of each reporting period. For the three months ended March 31, 2021, operating expenses included an RSU expense of $12. On May 10, 2021, all outstanding RSUs vested, after which they were paid out in the same quarter.

13.4 Performance share unit plan

Until 2020, annual grants of PSUs were awarded under the Corporation's Performance Share Unit Plan ("PSU Plan"). In March 2020, the Board amended the PSU Plan to allow grants of share units ("SUs") in the form of PSUs or deferred share units ("Executive DSUs"). Starting with the 2020 annual grant, awards under the PSU Plan are granted in the form of Executive DSUs until plan participants' minimum share ownership requirements have been met. Plan participants can elect to receive PSUs once they have achieved their minimum share ownership requirements.

Awards under the PSU Plan vest three years following their grant date and are subject to achievement of performance objectives set at the time of the grant. The PSUs are settled in cash on vesting while Executive DSUs are settled in cash upon a plan participant's separation from the Corporation. The units granted under the PSU Plan participate in the Corporation's quarterly dividend.

13.4.1 Performance share units

To date, PSU grants were made on March 29, 2018 for 59,003 PSUs, and on March 29, 2019 for 51,077 PSUs. The value of the expense and liability associated with the PSUs is determined based on the Corporation's share price at the end of each reporting period. For the three months ended March 31, 2022, operating expenses included a PSU expense of $79 (March 31, 2021: $31). On March 29, 2022, all outstanding PSUs vested, after which they were paid out in the same quarter.

The following table summarizes changes in the number of PSUs for the three months ended March 31, 2022:

	2022
Opening balance of PSUs at January 1, 2022	34,860
PSUs granted on dividend reinvestment	314
PSUs vested and settled	(29,310)
PSUs forfeited	(5,864)
Total number of PSUs at March 31, 2022	**-**

(In thousands of U.S. dollars, except per share amounts and where otherwise indicated)

13. SHARE-BASED COMPENSATION (Continued)

13.4.2 Share units

To date, SU grants were made on March 31, 2020 for 346,638 Executive DSUs, on March 31, 2021 for 175,898 Executive DSUs, and on March 31, 2022 for 150,349 Executive DSUs. The value of the expense and liability associated with the SUs is determined based on the Corporation's share price at the end of each reporting period. For the three months ended March 31, 2022, operating expenses included an SU expense of $1,119 (March 31, 2021: $219). As at March 31, 2022, the liability for SUs was $3,214 (December 31, 2021: $2,095).

The following table summarizes changes in the number of SUs for the three months ended March 31, 2022:

	2022
Opening balance of SUs at January 1, 2022	559,004
SUs granted	150,349
SUs granted on dividend reinvestment	5,033
Total number of SUs at March 31, 2022	**714,386**

14. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out in the annual financial statements have been applied consistently to all periods presented in these consolidated financial statements and have been applied consistently by the Facilities.

14.1 New and revised IFRS not yet adopted

There are no relevant new and revised IFRS that have been issued but are not yet effective, and not yet adopted by the Corporation.

15. SUBSEQUENT EVENTS

Subsequent to March 31, 2022, the PPP loan forgiveness application for a loan of $4,137, relating to one Facility, was denied by the SBA on April 20, 2022, as described in note 4. As of the date of this decision, the Facility no longer has reasonable assurance that they have met the requirements for loan forgiveness. However, the Facility believes that there are solid grounds for an appeal and accordingly intends to appeal the decision. Based on the timing of the denial, no government stimulus income previously recorded has been reversed in these consolidated financial statements.
