Breaking New Ground

## **Bold Ventures Signs Letter of Intent with Northern Superior To Option The Lac Surprise Project in Northern Quebec.**

Toronto, Ontario February 27, 2014 – **Bold Ventures Inc. (BOL:TSX.V)** (the “Company” or “Bold”) and **Northern Superior Resources Inc. (SUP:TSX.V)** (Northern Superior) are pleased to announce the signing of a Letter of Intent whereby Bold will have the option to earn up to a 60% interest in Northern Superior’s 100% owned Lac Surprise property.

This large property is located approximately 50 Km south of Chapais and within the historic Chibougamau – Chapais gold camp in west central Quebec and is comprised of 365 claims totaling 20,352 hectares or 50,269 acres.

Bold can earn a 50% working interest in the property by spending an aggregate of \$2,000,000 of exploration work on the property and paying to Northern Superior a total of 350,000 common shares of Bold all over a three year period. 50,000 common shares are due on signing. The first year optional commitment is \$500,000 in exploration expenditures and 50,000 common shares of Bold. The second year optional commitment is 100,000 common shares of Bold and \$500,000 in exploration work. The third year optional commitment calls for \$1,000,000 in exploration work on the property and a payment of 150,000 common shares of Bold.

Bold will also hold the option to earn an additional 10% in the project by delivering a positive feasibility study within five years from the date of execution of the formal option agreement. If Bold takes up all parts of the option it will have earned a 60% interest in the property.

Recently, renewed exploration activity in the area has yielded several new gold discoveries made by Toma Gold/Iamgold (at Monster Lake); Vanstar (at Nelligan) and Soquem (at MOP II). All three of these companies have announced plans for major, multimillion dollar drilling programs.

Dr. T. F Morris President and CEO of Northern Superior was quoted in a January 27, 2014 Marketwired news release that; “The potential value of the Company’s Lac Surprise gold property has only been exemplified by the recent discoveries and exploration activity directly to the east of the Lac Surprise property. Four of the six gold exploration targets are clearly defined by anomalous and robust overburden gold grain and geochemical-in-till anomalies extending

down-ice from the Opawica-Guercheville Deformation Zone (OGDZ) representing high priority targets areas. There is excellent potential for the definition of additional targets along the OGDZ structure which extends 11 km across the Lac Surprise property and is largely unexplored.”

The OGDZ is associated with several gold occurrences such as Philbert, Meston Lake and Fenton as well as the past producing Joe Mann mine, the Lac Shortt mine and the producing Bachelor Lake mine.

Vanstar Mining Resources Inc. has recently announced the results of three diamond drill holes from its flagship Nelligan project (see Vanstar Resources Inc. news release dated December 18, 2013 at [www.vanstarmining.com](http://www.vanstarmining.com)). This new gold discovery is situated directly east of the Lac Surprise property.

Recent work by Northern Superior has identified a number of high priority, drill ready, gold targets that have been identified by till sampling, geochemical programs as well as airborne and ground geophysical surveys (maps and technical descriptions may be viewed now at [www.nsuperior.com](http://www.nsuperior.com)).

This option agreement is subject to regulatory approval and a thirty day due diligence period. Upon execution of the formal option agreement a finder’s fee will be paid to an arm’s length, third party.

**Bold Ventures Inc. President and CEO Richard Nemis states: “I believe that this area will increasingly become the focus of intense exploration as a re-emerging gold camp. We are happy to team up with Northern Superior and Tom Morris on such a worthwhile and exciting project”.**

New maps and descriptions describing this project will be posted on our website at [www.boldventuresinc.com](http://www.boldventuresinc.com) in the coming days.
