NEWS RELEASE - For Immediate Release

NORTHERN SUPERIOR RESOURCES INC. ANNOUNCES NON-BROKERED FLOW-THROUGH PRIVATE PLACEMENT AND SHARE CONSOLIDATION

Sudbury, Ontario (December 20, 2018) **Northern Superior Resources Inc. (SUP:TSX-V; NSUPF:OCTQB)** ("**Northern Superior**" or the "**Company**") announces it will be consolidating its issued and outstanding common shares on the basis of one post-consolidation share for every ten (10) pre-consolidation shares held.

Additionally, the Company intends to complete a non-brokered private placement of up to 3,030,303 post-consolidation units (a "**Unit**") at a price of \$0.33 per Unit for minimum gross proceeds of \$750,000.00 and maximum gross proceeds of \$1,000,000 (the "**Private Placement**"). Each Unit will consist of one flow-through common share and one half of one non-flow-through common share purchase warrant (a "**Warrant**") of the Company. Each full Warrant will entitle the holder to acquire one additional common share at a price of \$0.40 for a period of twelve months from the date of closing. The Company will pay finder's fees to Red Cloud Klondike Strike Inc. and other finders, if applicable, to be paid in cash, common shares or warrants, or a combination of cash, common shares and units, in connection with the Private Placement.

The Company intends to use the net proceeds of the Private Placement for ground geophysical and core drill programs on its 100% owned Lac Surprise property, west-central Québec. This property is located in one of the more active mineral exploration camps in Québec, the Chapais- Chibougamau camp. IAMGOLD Corporation ("IAMGOLD") and Vanstar Mining Resources Inc. ("Vanstar") Nelligan gold property is tied directly onto the northeastern side of the Lac Surprise property. Gold-bearing structures intersected by IAMGOLD and Vanstar extend west onto the Lac Surprise property from which gold grain-in-till and gold geochemical-in-till dispersals trains have been reported (see Northern Superior Resources press release, January 27, 2014). These same structures correspond with gold- bearing showings identified, such as the Black Phoenix showing whereby a quartz- tourmaline grab sample ran 19.9 g/t Au (see Northern Superior press release, October 29, 2014).

All securities issued under the Private Placement will be subject to a four month and one day hold period. Proceeds from the private placement will be used for general working capital.

The share consolidation and the Private Placement are subject to the approval of the TSX Venture Exchange.

About Northern Superior

Northern Superior is a reporting issuer in British Columbia, Alberta, Ontario and Québec, and trades on the TSX Venture Exchange under the symbol SUP, and the OTCQB Venture Market under the symbol NSUPF.
