**About Atrium**

Atrium Mortgage Investment Corporation is a non-bank provider of residential and commercial real estate finance. Atrium lends primarily in major urban centres in Canada where the stability and liquidity of real estate are at the highest levels. Canadian Mortgage Capital Corporation (CMCC) is responsible for originating, underwriting, servicing and syndicating Atrium's mortgage loans. CMCC has been Atrium's exclusive manager since its formation and has grown Atrium's business to a mortgage portfolio of approximately \$220 million. CMCC has been in the business of originating and underwriting mortgage loans for over 18 years and servicing mortgage loans for over 13 years.

Atrium is a Mortgage Investment Corporation (MIC) as defined in Section 130.1(6) of the Canada *Income Tax Act* (ITA). Accordingly, the company is not taxed on income provided that its taxable income is paid to its shareholders in the form of dividends within 90 days after December 31 each year. Such dividends are generally treated by shareholders as interest income, so that each shareholder is in the same position as if the mortgage investments made by the company had been made directly by the shareholder. For further information, please refer to Atrium's 2012 Annual Report and other documents available at [www.sedar.com](http://www.sedar.com) and at [www.atriummic.com](http://www.atriummic.com).
